

## Technical Data Sheet

**Description : ALMAKLAR SBS**

**Product : SBS**

**Color : transparent or colored**

### Sheet specifications

Thickness:	0.25 - 2.30 mm
Width:	300 - 1200 mm
Density (DIN 53365):	1.05 +/- 0.02 g/cm <sup>3</sup>
Grammage:	g/m <sup>2</sup>
Sealing layer:	SBS/GPPS
Modulus (DIN 53457): l:	1400 - 1900 N/mm <sup>2</sup>
q:	1200 - 1700 N/mm <sup>2</sup>
Utilisation range:	5°C to 60°C

### Roll and packing specification

Core diameter:	3, 6, 8 inches
Sealing layer:	SBS/GPPS inside/outside
Roll labelling:	1 into each core
	1 on each roll
Splice/reel:	max. 1 per reel
Roll packaging:	PE sheet
Pallet packing:	PE stretch
Pallet labelling:	1 on each pallet

### Chemical properties

Contact with fat and oil: limited

### Possible applications

- Medical, cosmetic trays
- Disposable cups
- Fruit and vegetable containers
- Meat containers

### Functional

Very good thermoforming properties

### Environment

This material is recyclable.

PCR (Post-Consumer Recycled Plastic)

PIR (Post-Industrial Recycled Plastic)
